Did You Know?

No one is sure how the month ended up with its name, but we do know the Romans named it "Aprillis."

The etymology behind the word "April" comes from the verb "aperire," which means "to open." It's commonly believed that the word refers to the season of trees and flowers begin to "open" or bloom.

Did You Know?

Those who were born in April have a diamond as their birthstone, which represents innocence. Their birth flower is either a Daisy or a Sweet Pea.

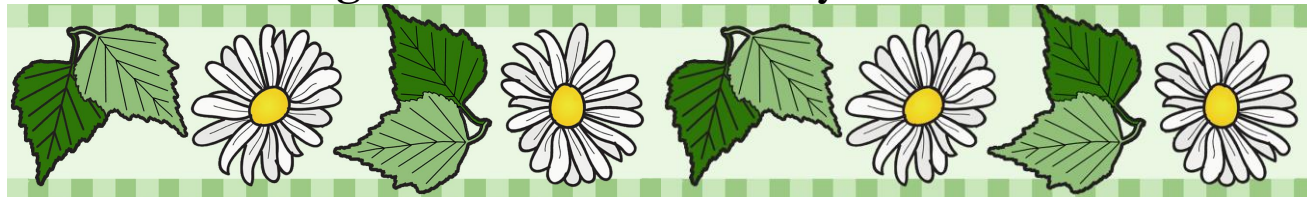

There are two zodiac signs in April. Aries, which is until April 19th, and Taurus, which is April 20th and onwards.
